A THRIFT SHOP
To Be Opened By the Salvation Army—Ensign Hand Tells of Needs
The local Salvation Army which is now in charge of Ensign and Mrs. Thomas Hand announces the opening of a thrift shop the latter part of this week in one of its stores located in the Army building at 477 Main street. We are quite confident that there is a need for such a shop, and one of the reasons for its opening is to bring to the notice of the public spirited citizens of Rockland the needs of the poor, and those who are feeling, and will continue to feel this winter, the cold weather through lack of clothing. The Army's endeavor through the support of the local citizens is to try if possible to reduce distress to a minimum. All that Ensign and Mrs. Hand ask is that Rockland will do its part; they will do the rest. The Army here has been and is passing through a trying period, having no finance whatsoever to carry on its great and noble work, but we are hoping that in the near future some plan will be formulated whereby funds will be raised to help the Army out of its financial difficulties.
The Thrift shop will be opened; also "The Dormitory," which gives shelter to those who need shelter for the night, and a nice clean bed to sleep in, and heat to keep them warm and comfortable. Both of these need funds to carry on, but even though the Army does not have these needed funds they have every confidence that the good people of Rockland will come to their aid and not see the work handicapped for lack of funds. Donations of food, clothing and money will be thankfully received.
Thomas H. Hand, Ensign

IN SUPERIOR COURT
Civil Trials Are Under Way, and Grand Jury Is Expected To Rise Today
All but two of the 18 persons drawn for grand jury service answered when their names were called by Clerk Griffin. Leroy A. Coombs of Vinalhaven was unable to attend on account of illness, and Leonard A. Mitchell of Appleton got twisted on his dates—thought court convened next week. Edward G. Day of Rockland was made foreman. The other grand jurors are: Fred L. Allen, South Thomaston; Elberton R. Andrews, Rockport; Vernon L. Beverage, North Haven; Harry L. Bossa, Friendship; John D. Caven, St. George; Charles C. Childs, Hope; Leroy A. Coombs, Vinalhaven; Harold Dean, Rockland; Walter J. Dorgan, Rockland; Edward J. Elliot, Thomaston; William H. Essancey, Union; Thomas J. Foley, Rockland; Mrs. Pansy Hibbert, Washington; Linwood A. Mitchell, Appleton; Fred A. Robinson, Cushing; Elbert Starrett, Warren; John P. Wellman, Camden; George Winslow, Owl's Head.
The traverse jury is made up thus: Sherbourn Killock, Warren, foreman; Joseph L. Ames, Vinalhaven; Mrs. Ethel M. Anderson, Camden; Sylvester P. Barrows, Rockport; Maynard H. Bowley, Hope; Forrest H. Brazier, Rockland; Thorne M. Dyer, North Haven; Leslie J. Hall, Appleton; Harold S. Harlow, South Thomaston; Edgar W. Moody, Union; Eugene P. Smalley, St. George and Alexander J. Wilson, Thomaston.
The supernumeraries are Mrs. Frances B. Bicknell, Rockland; Henry E. Comins, Rockland; Harold B. Kaler, Washington; Willis R. Lufkin, Rockland; Chester Haveren of Friendship; Willie G. Maloney of Cushing and David Mann of Owl's Head were excused from jury duty.
The first case tried was that of C. Kendall Hopkins vs. Harry T. Gushue, both of Camden. The suit was brought to recover for building a garage for the defendant, who claims that the work is not satisfactory. Verdict for plaintiff in the sum of \$255.75. Divinal appeared for the plaintiff and Montgomery & Gilmor for the defendant.
This is the first time that Fred L. Wilson, court stenographer, of Portland, has been in attendance in this county since September 1928. Attorneys and court officials are giving him a warm welcome as he is one of the most popular court reporters.
County Attorney George A. Cowan of Damariscotta and ex-Senator H. C. Buzzell of Belfast were present at the opening of court.
There are only two feminine members of the traverse jury this term. Mrs. Ethel M. Anderson is on the regular traverse jury and Mrs. Frances B. Bicknell is a supernumerary.
Since the last term of court there have been 101 civil cases entered on the docket, nine of which were vacation entries and 92 term time. Twenty-seven of this number are divorce cases, 28 are tax suits brought by the City of Rockland. There has been one alienation suit filed, Robert D. Dow vs. Fred Wotton, the ad damnum being \$2000. Frank A. Tirrell, Jr. appears for the plaintiff and Buzzell & Thornton for the defendant.
One of the first attorneys to arrive on the scene Tuesday morning was J. H. Montgomery, president of the Bar who regards attendance on the opening day as almost a sacred obligation.

YOUNG REPUBLICANS
Form Campaign Club With C. Alton Palmer As President—Live Interest Shown
C. Alton Palmer was made president of the Young Men's Republican Club at Tuesday night's session at the Court House. R. E. Castle was the choice for secretary. The group was about 40 strong including the young men and a number of old timers, on hand to show their interest in this lusty young enterprise.
Definite plans of organization and charter membership are being completed this week, the officers named being assisted in their task by this representative committee: Donald L. Kelsey, Lloyd N. Benner, C. L. Sleeper, Jr., Francis Orne, Don Haskell, Mervyn Harriman and Ben Dowling. The first membership meeting is to be held next Tuesday night and decidedly ambitious plans are in the making.
The younger members of the Bar always have a welcoming hand for him.
The case of Charles E. Starrett of Warren vs. Donald R. Knapp of Friendship, assumpt on account, has also been settled. Judgment for the plaintiff. Judgment satisfied.
The case of Walter E. Polk of Vinalhaven against L. S. Bean of Presque Isle has been settled. Judgment for plaintiff for \$100. Judgment satisfied.

DESPONDENCY THE CAUSE
William E. Brennan, Former Fish Commissioner, Left Notes Telling Of Suicidal Intent
and after moving to Vinalhaven in 1889 he followed that vocation for seven years.
Joining the other members of the Brennan family at Port Clyde, which has continued to be his home, he established a wholesale fishing business, with his brother, James Brennan. This firm dissolved partnership and William Brennan became associated with Mr. Fisher of Norwood Mass. The ground fishing business was eventually leased to a Massachusetts concern, for which Mr. Brennan continued to act as foreman, as the same time acting as agent for the Eastern Steamship Corporation. The sardine factory which Mr. Brennan had meantime built, was leased to E. W. Brown & Co.
Mr. Brennan had been a member of the St. George board of selectmen. He was in the Maine Legislature of 1913, gaining there an acquaintance which was largely instrumental in landing appointment as fish commissioner, an office which was sought by seven other prominent Democrats. He had served on Democratic town committees from Vinalhaven and St. George and had been a member of the county committee.
He belonged to Rockland Lodge, B.P.O.E.; Port Clyde Lodge, K. of P.; St. George Company, U.R. K. of P.; and St. George Lodge, I.O.O.F. He was married 44 years ago to Ada C. Bray of Vinalhaven.
The case of Charles E. Starrett of Warren vs. Donald R. Knapp of Friendship, assumpt on account, has also been settled. Judgment for the plaintiff. Judgment satisfied.
The case of Walter E. Polk of Vinalhaven against L. S. Bean of Presque Isle has been settled. Judgment for plaintiff for \$100. Judgment satisfied.

COMMANDER RENDALL COMING
Ray Rendall of Alfred, department commander of the American Legion, will arrive at the Rockland airport at noon Sunday, on the most spectacular Legion membership drive ever staged in this State.
The plane, which has been loaned to the Legion by the Forestry department, will be piloted by Earl Crabbe, D.S.C., a former World War aviation ace with the Royal Flying Corps. Crabbe has to his credit ten enemy planes brought down in actual combat.
The Legion Post in the counties of Knox, Lincoln and Sagadahoc, are sending in their membership cards to Levi Flint of Rockland, who will present the same to Commander Rendall upon his arrival. A large delegation of Legionnaires headed by the Winslow-Holbrook Drum Corps will mobilize at the Legion hall and march to the airport to welcome the commander.

GULF REFINING CO. COMING
The Gulf Refining Co. has asked the City Government for permission to erect steel cylindrical tanks on the Five Kilns property north of Ocean street and more than seven rods from any buildings or other structures now located on adjacent properties—as provided for in the city ordinances.
These tanks will be for the storage and sale of petroleum products having a total capacity of 50,000 barrels. The value would be about \$17,000. Hearing has been ordered for Friday, Nov. 17 at 9 a. m.
Gregory's Picture & Framing Shop at 406 Main street over Crie's Hardware Co. will have a new lot of swing frames. Come in and see them. Tel. 254—adv.

THERE IS A GARDEN IN HER FACE
There is a garden in her face,
Where roses and white lilies blow;
A heavenly paradise is that place,
Wherein all pleasant fruits do grow;
Those cherries grow that none may buy,
Till cherry-ripe themselves do cry.
Of orient pearl a double row,
Which when her lovely laughter shows,
They look like rosebuds filled with snow;
Yet them no peer nor prince may buy,
Till cherry-ripe themselves do cry.
Her eyes like angels watch them still,
Her brows like bended bows do stand,
Threatening with piercing frowns to kill
All that approach with eye or hand
These sacred cherries to come nigh,
Till cherry-ripe themselves do cry.

THREE-TIMES-A-WEEK

Come unto me, all ye that labour and are heavy laden, and I will give you rest.—Matt. 11:28.

SAFETY ON THE HIGHWAY

The State Highway Department is becoming concerned over the increasing death rate, as seen in the month of October, and is casting about for the cause. To even the most casual observer three things are apparent: First, that too many drivers take grave chances in cutting in, especially on a grade which obscures the view of the car which may be on the other side; second, that there seems to be an increasing number of cars with only one headlight burning; third, that pedestrians persist in walking on the right hand side of the road, so that they cannot be seen in the night time until the car is directly upon them. There is, too, a tendency upon the part of many drivers to run out onto the soft elbows of the highway, something which should never be done if it is possible to avoid it. We have sufficient laws, and we have an efficient body of State Police, but over and above that we need to exercise common sense if accidents, fatal and otherwise, are to be kept down to the minimum. The need of that precaution is soon to become even greater, as the repeal of the 18th Amendment becomes effective.

TWISTING A TIGER'S TAIL

The taming of Tammany had been accurately forecast for a number of weeks, and it needed not the straw ballot of the Literary Digest to show that Mayor O'Brien and his cohorts were in for a trouncing. The only question at issue was whether the voters of the Nation's metropolis would decide to place in power the fiery La Guardia who was selected as the Fusion candidate, or whether they would throw their favor to McKee, the announced foe of Tammany, whose eleven hour entrance into the field upset calculations for the time being. McKee's strength with the voters was not underestimated, but when the straw ballot of the Literary Digest continued to show La Guardia running well ahead it looked as though the Fusionists actually meant business, and were going the whole distance. And go it they did, as shown by New York's stunning rebuke to the tiger which had been so strongly entrenched in New York's municipal offices for 19 years.

La Guardia (pronounce it which-ever you like) was elected to Congress a Republican, but has generally chosen to disregard party lines, and vote independently. He is hot-headed to the point of radicalism, and his latest triumph has brought him to the crossroads of a political career which the whole world will now watch. Will he allow his authority to run away with his judgment, or will he display the caution and conservatism which the situation demands. The old Tiger with the twisted tail will be waiting to take advantage of his slightest error, and this goes for the fickle voters who elected him.

THE DANCE MARATHON

Bangor has always had the reputation of being rather free and easy as relates to some moral issues—and probably that's what they would say about Rockland—but he it said to the credit of the Queen City that it would not stand for the marathon dance. Thirty-four participants were arrested in a Hampden pavilion Tuesday, and 21 dancers and members of the orchestra were found guilty, paying fines which totaled \$250. The dance was halted on a Sunday morning by a combination of State, county and city authorities.

OLD NEWSPAPER DIES

The newspaper fraternity in Maine marks with keen regret the passing of that century old publication the Oxford Democrat. The community is fortunate in having such an excellent survivor as the Norway Advertiser, to which the subscription list has been turned over. The Oxford Democrat has been on The Courier-Gazette's exchange list beyond the memory of the present publishers, and is going to be missed.

BOWDOIN'S VACATION

In accordance with a petition by the Student Council, the executive committee of the governing boards of Bowdoin College have extended the Christmas vacation this year two days. Vacation will begin Dec. 22 and end Jan. 3, which will allow students living in distant cities to return to their classes without traveling on New Year's Day.

Col. F. S. Philbrick is now able to be out of doors for a short time each day.

MORE FATALITIES

And Now The Highway Department Wants To Know What's the Trouble

State police officials are seeking an explanation of why there were more automobile fatalities in Maine during October than there were for the same month last year. Up to the close of October 12 deaths had been reported to the police as having resulted from automobile accidents that month. The number reported for October, 1932, was six. It is possible that the record for 1933 may be still further increased by reports which have been delayed, though it is scarcely believed that this is possible.

So far as members of the State police have been able to ascertain there is no explanation for this increase.

But one thing throws any light on the situation and that is the claim that pedestrians are being more careless this year than ever before; that they are not using due caution in crossing highways, and that when walking upon roads they use no precautions whatever. This, it is thought, may be partially responsible, though it is doubted if all the blame so attaches.

That there has been an unusually large number of risk taking drivers on the road is thought to have had some bearing, to have been an important contributing factor.

There are indications that many automobile operators are not taking the matter of having brakes and lights inspected seriously. This indication is the number of cars one sees on the road with but a single head light and with lights so powerful that they blind all persons on the road facing them. It is probable that a lot of drivers are laboring under the impression that this inspection is under the same conditions as those of the past; unofficial. It is not only official but compulsory.

A law enacted last winter by the Legislature provides for the inspection. The limit expires Nov. 15, and after that date, it is officially stated, down goes the lid and cars which are not displaying the "inspected" tag are going to find it just too bad. Cars with illegal lights and there are a lot of them, will be stopped and given a chance to tell it to the judge.

In the matter of lights it is known to officials that certain dealers in

THE NEXT SMOKER

Matchmaker Hamlin Has Assembled Five Good Bouts For Tuesday Night

It will be an all-boxing show at the American Legion smoker next Tuesday night, and heading the card will be a whale of a bout between Al Wilson of Rockland and that Belfast youth, Harold Gray, who had the local fans agog when he appeared in Empire Theatre some months ago.

The semi-finals brings together Walter Reynolds of Rockland and Jack Bonney of Liberty. Reynolds is considered the best of his weight in Rockland and Bonney has been knocking 'em right and left.

The prelims are: Jack O'Brien of Rockland vs. Rookie Wright of Belfast; Don Robbins of Thomaston vs. Jack Furbush; and Frank Larrabee vs. Kid Pavreau of Rockland.

Maine have been selling 50 candle power lights, instead of the legal 21 c. and putting them into headlights. All inspection stations have been instructed to remove such lamps and substitute legal lights and charge them to the car owner.

Percy McPhee threw a mean ball down the Recreation alleys Tuesday night and had high total and high single (111). Abbott started boldly with a century string, but was prevented with a full box of raspberries when he dropped to 67 on the last string. The summary:

Perry's Market—Small 251, McPhee 291, Schofield 283, Melvin 244, Abbott 265, total 1334.

Telephone—Stone 252, Colson 220, Seabury 255, Smith 261, French 251, total 1239.

Merchants 5, Kent's 6

The bowlers knocked over nearly 600 pins in their first string and it seemed to take the gumption out of the Kent's service outfit, which threatened only in the last string. Gray had high string (114) and high total. The summary:

Merchants—R. Perry 264, Clark 269, Peterson 262, Marshall 292, Gray 317, total 1410.

Kent's Service—Aylward 273, Dowling 235, Palmer 261, McKinney 293, Stone 246, total 1308.

Barbers defeated Sim's Shop by four pins. Parker was the standard bearer, with high single (115) and high total. The summary:

Barbers—McBride 250, Harding 232, Anastasio 282, Parker 291, Shute 262, total 1317.

Sim's Shop—Berlowsky 263, Fisher 250, Willis 246, Simmons 262, Thomas 269, total 1313.

WEATHER
 They're overworking that weather bugbear "generally cloudy" this year. Over the radio it came again this morning, and with it the threat of scattered snow in Northern New England. It may warm up slightly but will still remain a chilly November day. The temperature at the Corner Drug Store this morning was 23—the coldest yet.

An Army recruiting station has been opened in Bangor.

Mr. and Mrs. Crawford Gatlomb have moved into the house on Broadway recently vacated by Dr. Perley Damon.

The New York Tailor is not to move to the rear of the Rubinstein clothing store but will remain in his present location.

The annual Universalist fair takes place Wednesday, with the doors open at 2:30. A chicken pie supper at a very reasonable figure will be served from 5 to 7.

John Snow has entered the employ of the Prudential Insurance Co., succeeding Augustus Levy, who has been promoted to assistant superintendent in the Bangor office.

The annual Boys' Conference takes place in Lewiston on Nov. 17-18. Representatives from Rockland High School and some of the churches plan to attend. Anyone interested may derive further detail by calling Principal Blaisdell, telephone 324-W.

Manager Dandeneau, formerly of Park Theatre, who is now in charge of the Public Theatre in Barre, Vt., is in the city on a week's vacation, getting the glad hand from local theatre-goers who recall the courteous and efficient service he gave here.

The popular hit made by Kenneth V. White in his addresses before the Rotary Club and Forty Club resulted in an early out of town call, and Tuesday he spoke before the Camden Rotary Club, where he was given a fine reception.

The November meeting of the Parent-Teacher Association will take place next Wednesday instead of Monday. It promises to be one of unusual interest, as Miss Lou Buker of Augusta, supervisor of elementary education, will be guest speaker. Miss Buker is not only a brilliant speaker but always has something vitally important to impart to her hearers.

Clarence Leonard, who is in attendance upon Superior Court this term in the capacity of Deputy Sheriff, tells of early improvements made by the North Knox Society (of which he is president) at the Union fair grounds. A barn which has encroached upon the space devoted to the midway, has been moved to another site, and a portion of the race track is being raised and rebuilt.

The November meeting of the Southern Maine School Men's Club took place Tuesday night, with dinner at The Thordike. There were 30 present. Harrison C. Lyseth, agent for secondary education in Maine, was principal speaker. He presented an enlightening talk on "Assignment," dwelling particularly on the unit plan for presenting a subject. A round table followed his talk. The next meeting will be in Belfast Tuesday Dec. 5.

Camp Wilgus (G.C.C.) near Belknap Falls, Vt. has been given over to the command of Capt. William E. Parker of Easthampton, Mass., whose wife was formerly Miss Ervella Stoddard of this city. The Belknap Falls News makes this comment: "Capt. Parker, who is an officer in the reserve army, received his military training at Camp Washington near Northfield, Vt. His home is in Easthampton, Mass. He attended Norwich University one year, then went to Boston University, graduating in 1922. While at Camp Capt. and Mrs. Parker are at The Manor on School street, Belknap Falls."

THE HOLIDAY ISSUE

All advertisers and correspondents are urged to present material at the earliest possible moment. News-dealers and carrier boys will be supplied with papers in the late afternoon.

As a part of Education Week a night session will be conducted at the junior high school tonight from 7:30 to 9. Parents and friends who attend will have opportunity to see classes conducted as in regular day session.

Mrs. Annie Aylward was in charge of the Rebekahs supper Tuesday night. Plans were made to conduct a benefit card party next Tuesday evening at Odd Fellows hall, with play to begin at 8. The afternoon card party in charge of Mrs. Helen Paladino was very successful, there being five tables.

Past Electas will be special guests at the meeting of Golden Rod Chapter tomorrow night, Dr. L. M. Richardson giving the address. Music will be presented in keeping with the subject. There will be no supper, but refreshments will be served at the close of the meeting, with Mrs. Grace Rollins in charge.

Pleasant results are coming in during "donation week" at Knox Hospital, yet the need calls for further demonstration. So many think they must make a gift of a large quantity of this or that. This is not so, for several small gifts go to make a large quantity. Nearly every housewife can spare a jar of jelly or jam or preserves, and nearly every home gardener has an extra turnip or squash.

Football fans who follow the State series will go in opposite directions Armistice Day, as there will be two championship games on the holiday instead of one as has previously been the case. It is quite likely that most of the crowd will go to the Maine-Bowdoin game in Orono, as that is always a drawing card for Knox County fans, but not a few will go to Waterville in the hope that Colby by defeating Bates, might tie Maine for the championship.

At the meeting of the School Board Monday night, Mrs. Emma Harvie was elected director of the High School Orchestra. It is pleasing news to her friends, who are well aware of her capabilities in working among the young people. Mrs. Harvie has studied under some of the best instructors. She studied conducting and composition under Francis Findlay who is head of the Eastern Maine Music Camp. Mrs. Harvie has plans for the betterment of the orchestra, and the first meeting is called for Friday afternoon, immediately after school.

The rummage sale conducted by Ruth Mayhew Tent Monday was successful. Mrs. Carrie House as chairman was assisted by Mrs. Allie Blackington, Mrs. Belle Bowley, Mrs. Bessie Haraden, Mrs. Eliza Plummer and Mrs. Lizzie French. A covered dish supper was served under the direction of Mrs. Bowley and Mrs. Mina King. It was voted to place new flags on the soldiers' lot in Achorn cemetery, and to meet at the hall Monday afternoon, Nov. 20, to sew. Mrs. May Cross and Mrs. Stella McRae were appointed housekeepers for the next circle supper. The work of the patriotic instructor for the evening was devoted to the proper use of the American flag, noting several wrong uses in the recent NRA parade. Mrs. Lizzie French won the "mystery."

Members of the American Legion drum corps are asked to report at the hall Friday night at 7:30 in full uniform. A special meeting will be held and the drum corps will parade the street in advance of the special picture which is to be shown at Strand Theatre soon after the second regular performance ends.

Mrs. Margaret S. Patterson, elementary supervisor, of South Portland, talked Monday to the teachers of Grades four to eight, inclusive. She emphasized the importance of linking school work with life, and spoke entertainingly covering the method of using units of work to enrich the social studies. She illustrated several units, including transportation, the age of chivalry, colonization, milk unit and postoffice, with very attractive material produced by the children in the form of posters, tapestries, and friezes. An especially interesting project was school newspapers produced one by a fourth grade and another by a special ungraded group. The value of these methods was checked by achievement tests, and graph charts, showing pupil progress as well as teacher rating. The meeting was followed by a round table discussion.

"The Happy Players," a company of young people from Rockland journeyed by automobile to Stonington Nov. 1 and played to a large and appreciative audience at the Opera House, staging a clever performance. Headed by Charlene Grindle, Percy Young, Helenam Mahoney and Florence Dean, they gave three one-act plays, "Silence Please," "Just a Mere Slip," and "Makeup and Old Rye." Miss Ruth Dondis, pianist, was assisted by Mrs. Nathalie Cleveland. Specialties included blues singing, Miss Mahoney; interpretative dancing, popular songs, Miss Dean, Miss Dondis; boy and girl skit, Dean and Dondis; saxophone solos, Miss Dean and Miss Dondis accompanied; dramatic readings, Miss Grindle. A clever impersonation of radio celebrities, Ed Wynn included, by Percy Young met with repeated applause. "The Happy Players" are playing engagements in Union, South Thomaston and Waldoboro in the near future.

Carl Thurston, son of Mr. and Mrs. Laforest A. Thurston, homeward bound from the Pacific Coast, found himself suddenly located in East St. Louis with an excellent position in a chemical plant.

The larceny of two cigarette cases from Crie's Gift Shop brought a boy into Municipal Court Tuesday. It was his second offense within a short time and he was committed to the State Reform School in South Portland.

Mr. and Mrs. Freeman S. Young and Mr. and Mrs. Charles S. Small have returned from a down east trip in the course of which the quartet stood at low tide on the eastern end of the United States at West Quoddy Head.

Mrs. Jennie Cloutier, formerly of this city, died last night in Springfield, Mass., according to word received by her mother, Mrs. Fred Russell. The remains will be brought to this city for the last services, interment in Goshen Cemetery, East Waldoboro.

A spark from the chimney caused lots of mischief at John B. Moulaison's house, 77 Broadway yesterday forenoon, but a hole was burned through the roof, and with subsequent water noon. The fire department lost no damage there was a loss which will probably exceed \$500. The family is still occupying the residence but the dampness caused a re-assignment of sleeping quarters.

Two dozen Rockland Lions who motored to Castine last night to "capture the bell" found a Bangor delegation attempting to preempt the property and the result was something akin to the cane rushes you read about in the college news, except that nobody's skull was cracked, and nobody's clothes were torn off. The subsequent proceedings were entirely harmonious. The Castine Lions Club served delicious chowder and presented a guest speaker in the person of Dr. Philbrook of the Castine Normal faculty whose droll recital of adventures in Cape Breton delighted all hearers. Bert Larcombe and son Raymond made another decided hit with their musical specialties, being compelled to respond to many encores. And now the bell is with the Rockland club awaiting a new captor.

"PICK YOUR CLAM"

Story of Seagull Which Got Worst of Shell Game—Police Interfere

There is one seagull flying around Sheephead Bay that has learned a bitter lesson—never poke your bill at a clam.

This gull spied the clam—a big fellow—lying just under the water with its mouth open. The bird stuck its nose into the clam which was disastrous for the latter snapped its jaws shut. Then began a battle and much churning of water as the bird tried to free itself. The clam held on and pulled the gull beneath the surface.

A crowd collected. Policeman Kelly ran up, pulled off his shoes and waded out to where the struggle was going on. He reached into the water and brought out a clam as big as his two fists with the seagull still hanging on. The policeman tried to pry open the steel jawed clam with a pocket knife but was unsuccessful. Then he drew his club and whacked. That did the business. The clam's shell broke and the gull was free with just enough pep to fly.

MRS. W. S. ROBERTS

Mrs. W. S. Roberts, wife of a former pastor of the First Baptist Church in this city, died on the morning of Oct. 28 at her home in Pasadena, Calif., after three days' illness resulting from intestinal ailment. The funeral services were held Tuesday.

The brief news of Mrs. Roberts' passing, published in a recent issue of The Courier-Gazette, occasioned much sorrowing in this city where 10 years of her life were spent, and where friendship has endured through the many years as the result of correspondence which has been steadily maintained by several who were associated with her intimately.

The deceased was born in Three Rivers, Michigan, Jan. 23, 1847, her maiden name being Julia B. Sterling. She was married to Mr. Roberts at the age of 18, and through the long period of his ministry her counsel, and cheerfulness were of inestimable value to him in the clerical labors which were so markedly successful. Her personality, embodying so much of the spiritual and the lovable, did much to make the Roberts pastorate a memorable era in the history of the Rockland church, as it doubtless did in the other fields to which they were called. The Rockland pastorate covered the span from 1891 to 1901.

Mrs. Roberts had gone to Pasadena to be with her daughter, Mrs. John Waite Avery (Anna May Roberts) who survives her mother, together with Harold F. Roberts of Great Neck, L. I., a son. There was a third child, the late Dr. Charles Sterling Roberts.

Ease Pain, Headache in Few Minutes

For Quick Relief Say BAYER Aspirin—When You Buy

Now comes amazingly quick relief from headaches, rheumatism, neuritis, neuralgia... the fastest safe relief, it is said, yet discovered.

Those results are due to a scientific discovery by which a Bayer Aspirin Tablet begins to dissolve, or disintegrate, in the amazing space of two seconds after touching moisture. And hence to start "taking hold" of pain a few minutes after taking.

The illustration of the glass, here, tells the story. A Bayer Tablet starts to disintegrate almost instantly you swallow it. And this is ready to go to work almost instantly.

When you buy, though, see that you get the Genuine BAYER Aspirin. For Bayer Aspirin's quick relief always say "BAYER Aspirin."

Does Not Harm the Heart

UNION

Storer-Collins Post, American Legion, will hold its annual Armistice ball Saturday evening in Union town hall. Robbins' orchestra will furnish music. All members of the cast of "Uncle Henry's Wedding" will be admitted free.

Mrs. Ida Blood of Maynard, Mass., is visiting her granddaughters Mrs. Marion Calderwood and Miss Lillian Messer for a few weeks.

Twenty-seven friends gave Mr. and Mrs. T. G. Messer a real surprise party Tuesday evening, it being the birthday month of both Mr. and Mrs. Messer, also of four other members of the family. The guests brought refreshments, and everyone from the youngest to the oldest enjoyed a very pleasant evening.

The M. E. Ladies' Aid met last Friday for an all-day meeting and picnic dinner. In the afternoon a comforter was tacked and a business meeting held, and work planned for the coming winter. Four new members joined at this meeting.

Mrs. Upham is occupying the Bacheider bungalow.

Mr. Blanchard of Warren called on Mr. and Mrs. Justin Ames Sunday.

W. J. Bryant has had a shed built adjoining his farm home.

Miss Augusta Ross is with Miss Augusta Roakes for a few weeks.

Mrs. Lizzie Hawes who has been ill in bed is somewhat better.

The many friends of Marcia, wife of George Robbins, are sorry to learn of her critical illness.

Monday afternoon at 2:45 eight cars drove up to the schoolhouse and were rapidly filled with boys and girls of the junior and intermediate grades of the M. E. Church school, and with their teachers, a group of 47, drove to Thomaston and were shown through the State Prison by Warden Raymond E. Thurston and two guards whom he kindly appointed for the occasion. The group quietly filed down the stairs to the yard and into the chapel, from there to the lower end of the yard by the canning plant, into a workroom, through the kitchen and dining hall, then through the various shops and back to the guard room, where Warden Thurston explained many interesting points and answered numerous questions. It was remarked how neat and clean it is kept throughout the plant, with everything in order. At 4:30 the cars were back at Union.

There were 113 present last Sunday at the M. E. Church school, and a good attendance is looked for the coming Sabbath. The lessons for this quarter are in the New Testament, and are found interesting and profitable. Last Sunday Leah Esancy's class of young people sang the hymn "Win Them One by One," and led in the closing hymn, "Work for the Night is Coming."

Local Red Cross Activities

The relief committee of the Union Branch of Red Cross wishes the citizens of the town to know something of the work that has been done for the past year and a half; 44 barrels of flour received and given to 35 families; over 200 yards of outing and chamber received and made into dresses, blouses, bloomers and sleeping garments; five pieces of birdseye cotton; 22 children's union suits, 10 for women, 6 for boys, 4 for men; 6 pairs bloomers; 2 pairs children's hose; 2 jumpers, 5 pairs overalls, 5 pairs men's pants, 8 pairs boys' pants. The above were placed where needed.

Groceries and outing were bought from the local fund. J. C. Creighton & Co. and Clarence Leonard transported the flour and other packages from Rockland without charge. At this time the committee wishes to thank all those who gave of their services to help in this commendable work.

Saturday, Nov. 11, the annual Roll Call for membership starts and it is hoped that all who possibly can will pay their dollar to help carry on this worthy cause. Fifty cents stays in town and 50 cents goes to Washington, to make it possible for the national organization to help when the great disasters come, like the Elsie and Auburn fires.

If possible, leave your dollar with John Williams at the bank.

H. L. Grinnell, J. H. Williams, L. A. Haskell, relief committee.

Mr. and Mrs. P. Evangelista of New York were here to spend the weekend with Mr. and Mrs. Ashley Young.

With the Extension Agents — And The — Knox Lincoln Farm Bureau

Agricultural

A meeting of 90 solicitors in the Knox-Lincoln County Farm Bureau membership campaign was held at Masonic hall, Wiscasset Nov. 1. A fish chowder supper was served by Luther Carnoy of Sheepscot, Norris Waltz of Damariscotta and E. C. Teague, of Warren, the losing men managers in the campaign. Following supper there was an entertainment consisting of potato paring contest among the men and women, bean bag and other games. There were representatives from most of the communities of Knox and Lincoln Counties.

Radio talks will be given next week by three poultrymen in the county over stations WLBZ at 11.30 a. m.; WSH at 12.25 and WRDO at 11.55. Ralph P. Conant of Rockland will speak Thursday; Clifton Robbins of Hope Friday and Fred Greenleaf of Westport Saturday.

Ivan Scott of Waldoboro has been raising during the past two years a new potato which does not rot and blight has no effect on the top. The yield is very good and cooking quality good. It should make an excellent potato for the average farm family where no spraying is to be done. The potato should be planted early and the tops will stay green until frost hits them.

The apple market has been picking up in Boston and it looks as though men who have good fruit will do fairly well this winter. McIntoshes were bringing about \$1 a bushel and Baldwins slightly under this figure.

Plans are being made for the annual community meetings which will be held during December and January in all organized Farm Bureau groups of the county. At these meetings plans of extension work for the coming year will be arranged.

The first meeting is scheduled for Dec. 6. Most of the projects the coming year will be old ones that were carried last year. In crops there is Better Quality Roughage which covers fertilizing to produce better grass. Under forestry is a new project. Better Home Grounds, which will be carried in one community. At the planning meetings part of the

day will be devoted to a discussion on taxes.

Mrs. Wiggin is very smart, does all the work for the family of three and has possession of all her faculties. When tripping off to carry some delicacy to a neighbor no one would believe her to be more than 50 years of age.

Members of Wessaweskeag Grange have a treat in store for next Wednesday night when County Agent Ralph C. Wentworth will speak at the regular meeting on the subject

Jangled nerves sap your vitality

Every time you let jangled nerves get the best of you... Every time you bang the door off its hinges, or "want to scream," you're taking it out of yourself.

Door banging, screaming and such antics are rude to say the least, and make your family and your friends uncomfortable... But—most important, each fit of temper you give way to is sap-

ping your own vitality, making the next tantrum easier, ruining your health, your digestion, your disposition.

Watch your nerves. Get your full amount of sleep every night. Eat regularly and sensibly. Find time for recreation. And smoke Camels—for Camel's costlier tobaccos never get on your nerves.

COSTLIER TOBACCOS

Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand of cigarettes!

CAMELS—THEY NEVER GET ON YOUR NERVES!

How are YOUR nerves?

TEST No. 8

Hold your pencil up straight (two inches from the point)... Don't allow your wrist or arm to touch the table... Place your pencil point on the first dot and start tracing. The rules say you must follow the direction of the arrow. Average time to trace figures without error is 65 seconds. James J. Dwyer (Camel smoker), famous steeplejack, traces the figures without error in 37 seconds.

TRAGEDY AT YOUNG'S CORNER

Miss Elsie Hardy, 17, Killed When Car Strikes Tree, and Six Others Were Injured

An automobile accident occurred at Young's Corner, Lincolnville, at 8 o'clock yesterday morning, resulting in the death of one person and injuries to the other six occupants, all of whom were taken to Camden Community Hospital.

The passenger who was fatally injured, dying just after the hospital was reached was Miss Elsie Hardy, 17 years of age.

The car was owned by Virgil Hall of Lincolnville, and was being driven by Miss Ruth Hall.

The accident is said to have been due to the car being crowded from the highway by another automobile, described as a yellow roadster, but not yet identified, as it kept on its way, its occupants presumably unaware of the tragic results.

The Hall car swerved from the highway when it encountered a pile of loose gravel, and with tremendous force crashed into two trees and overturning. The occupants had barely been extricated from the wreckage when the car burst into flames.

Mrs. Fred Gray (Margaret McCobb) sustained a bad fracture of one leg. The other casualties are listed thus: Ruth Hall, broken knee cap; Laura Hall, numerous cuts on head and face; Bessie Heal, similar injuries; Vernon Heal and Walter Weed, leg abrasions. The boys were soon able to leave the hospital, but the others remained for further treatment. The doctors in attendance were Hutchins and Carswell of Camden and Fogg of Rockland.

Miss Hardy was 17 years of age, daughter of Mr. and Mrs. Fred Hardy. She is survived by her parents; one brother, George Hardy of Lincolnville; and two sisters, Mrs. Donald Downs of Providence, and Miss Evelyn Hardy of Lincolnville.

Gregory's Picture and Framing Shop at 406 Main street over Crie's Hardware Co. will have a new lot of swing frames. Come in and see them. Tel. 254—adv.

SCHUMANN HEINK'S ILLNESS

Mme. Ernestine Schumann Heink, world famous contralto and "mother" of ex-servicemen, is in a San Diego hospital suffering from an intestinal infection which may be an attack of appendicitis. Dr. Charles M. Fox, her son-in-law and physician, said the 72-year-old singer suffered only minor pains and that her condition was not considered serious. She was not running a fever and there was no present indication of appendicitis "although the infection might be the result of an inflamed appendix," Dr. Fox said.

KELLEY-CHANDLER

Miss Catherine S. Chandler of Swan's Island and Monroe became the bride of Benedict A. Kelley, of Monroe, at a pretty wedding solemnized at a nuptial mass Oct. 25, in Our Lady of the Rosary Catholic Church at Frankfort, Father Chabot officiating.

The bride was charmingly gowned in white chiffon with white net and lace veil, and carried a bouquet of white chrysanthemums. According to the old tradition, she also carried a blue handkerchief. Miss Glenys Clements as bridesmaid wore pale pink satin and carried pink roses. Brian Kelley, brother of the groom acted as best man.

Mrs. Kelley is the daughter of Mr. and Mrs. Roscoe Chandler of Swan's Island. She graduated from Monroe High School, class of 1933. Mr. Kelley is the son of Mr. and Mrs. Robert Kelley of Monroe. He graduated from Brooks high school, class of 1925. After attending Holy Cross College in Worcester, Mass., one year he entered University of Maine and graduated in 1932.

Following the ceremony the wedding party and guests were served a wedding breakfast at the home of the bridegroom's parents. A reception followed. The bride's travelling suit was dark green and tan, with accessories to match. Mr. and Mrs. Kelley left immediately on a short honeymoon. When they return they will reside in Brooks.

Guests present were Mr. and Mrs. Roscoe Chandler, Margaret, Everett, James, Bernard, and Joseph Chandler and Josephine Lamprey of Swan's Island, relatives of the bride. ELMER ALLEN'S CHAT

A Further Revival of Interesting Anecdotes Pertaining To Town of St. George

In June, 1894, Arto Day was appropriately observed by the grammar school, Walter H. Mathews, principal. The schoolroom was prettily decorated. The program was: Prayer, by Rev. Sewell Browne; reading of the government proclamation; reading, "Forest Destruction," Allison Watts (now a Baptist preacher in Vermont); "A New Holiday," Lewis Watts; "Tree Planting," Walter Simmons; "The State Flower—what shall it be, rose or goldenrod?" Ava Murphy, Harriet Mathews, Alice Simmons, Emma Watts, Mary Meservey and Nora Alley; reading, "A Garden," Hattie McNeil; recitation, "The Oak," Allison Watts, Ernest Rawley, Alfred Watts.

Here is an article written by "Boze" to the traveler in 1894: "There is something in the makeup of the boy from the country that makes him succeed, and if some of the ministers would quit preaching about the awful things that happen to the country boy and preach more about the in-born goodness of the city youth they would do well. For the average youth of the country towns comes to the city for business. He doesn't live on the 'old man' and spend his money in riotous living, but saves what little he can, lives frugally and some fine day he blossoms out as a merchant. I am thankful I was raised in the country, where they teach the boys the three R's and good common sense."

This same year A. L. Snow and John Monaghan became the owners of a three-year-old filly colt, finely bred and very speedy. Winter sport in those days was horse racing on the "Marsh." Some fast horses were owned in town; then and people came from long distances and brought down other fast ones. It didn't matter how cold it was, and young were out to see the races. Those were the happy days on the ice.

Sidney Wall, a former resident of this town, made the remark one day in Rawley's grocery store that he could eat four dozen raw eggs, and that he had two dollars to bet on it. He was promptly taken up on it (I think by John Monaghan), the eggs were counted out and Sid started in. After he had eaten three dozen he stood up and asked how many more. They told him, "Only 12 more, Sid, do you want to give it up?"

"No, I'm just getting up a good appetite."

Well, they kept feeding him the eggs and when they refused to buy any more he had eaten 53 raw eggs. Can you beat that.

In this same year Lewis Watts gave his brother Herbert Watts a surprise party, with 25 present. All the games they could think of were played. The refreshments consisted of peanuts, bananas and caramels, James Wheeler and Edgar Barter were the waiters. Herbert was engineer on his father's vessel Charles Davenport.

The following item was taken from the Rockland Opinion, year 1879, from the Vinahaven correspondent: "There are about 400 stonecutters and 150 quarrymen and laborers at work for the Bodwell Granite Co. now. The cutters average \$1.75 per day, the

quarrymen \$1. They expect to finish the job about April." Lobsters were selling for five cents a pound. Round hogs were selling for five cents a pound, and butter could be had for 12 to 20 cents.

Here is one from Rockland the same year: Large crowds assembled on Park street every afternoon to see the fast horses speeded there. Dr. Boynton's "Jim Farnham," Fred Berry's "Doctor," Charles A. Keene's "Lady Keene," Albert Berry's "Benjamin," John Hanrahan's "Gray Eagle," and John T. Berry's "Lady Crockett" are among those that attract attention for style and speed.

One of our popular women took a trip up to Massachusetts a short time ago and of course cooked up a lot of nice things to last her husband until she got home. Roy was enjoying himself pretty much; also the dog, but there seemed to be something lacking. "I have it," said Roy, slapping his shins, "a lemon pie is what I lack."

After putting the ingredients together he placed it in the oven to bake. After probing it a few times with a clothespin he decided it was done to a finish. "Now to try it," says Roy. After repeated trials with a pie knife and not being able to penetrate the crust, a chisel and mallet was produced and out flopped a piece on the floor. The dog got that (and is not expected to live) and one more job with the chisel and Roy got a nice piece for himself. "I wish my wife were here to see a real lemon pie."

Going to the postoffice next day he asked Cap'n Dave Wall if he ever made a lemon pie. "Sure, many a one."

"Here is how I made mine yesterday. I had the bottom crust to start with. I used half a package of cornstarch, half a pound flour, half a pound of butter, one cup sugar, two small eggs, and one bottle of lemon."

"Ho, ho, Roy, that's enough—don't tell any more. I don't wonder your dog is sick," said the cap'n, pounding his cane on the floor.

Not so long ago when seabirds were more plentiful than they are now some large flocks used to come up the harbor and the boys used to gun them pretty hard and it broke the flocks so the boys had good gunning around the shores. One day a bird was seen diving about 50 yards off the Rawley wharf. One of our boastful gunners (who never missed a shot) espied the bird. Racing home he got his gun and plenty of ammunition, and rushed to the shore as the bird went down for a dive. Soon the bird came up again. Bang went the gun, and down went the bird. This was repeated until the gunner had wasted about a half of box of shells, when a man rose up the other side of the wharf.

"Hey, Sam, you cut that out—that's my wooden decoy duck."

Was he mad? They say he threatened the owner of the duck if he ever mentioned it in any of the stores.

THE RIGHT LAXATIVE FOR CHILDREN IS A LIQUID

A laxative that works just right for you, can work havoc with a child.

The laxative habit can be contracted at the age of six. The wrong laxative can give children chronic constipation before their tenth birthday.

You wouldn't give your youngster a powerful headache powder! You shouldn't give him a violent cathartic.

Important, Mothers!

Doctors urge the use of a liquid laxative for children; preferably one with senna. A liquid laxative can be regulated as to dose. The natural laxative action of senna doesn't weaken the bowels. Druggists report increased sales of

liquid laxatives. Mothers are rapidly discovering the great advantages of the liquid form. Thousands of cases of ill-health—and half-health—in children are being cleared-up just by stopping all use of laxatives of adult strength.

A Safe Treatment!

The preparation most favored for child use is California Syrup of Figs. It is a fruity syrup with the right amount of senna for gentle stimulation of a child's bowels. It gives the right kind of help.

If the bowels aren't moving regularly and thoroughly, don't give any medicine that drains the system dry. Give a liquid senna preparation like

California Syrup of Figs. A little every day, and reduce the dose each day. At the end of one week—stop. You'll be surprised how long it will be before the bowels need any further help. It may be months.

Be sure you get the real California Syrup of Figs, with "California" on the label. If you get the right preparation, and use it the right way, you can absolutely end all worry over constant sluggish spells, bilious attacks, constipation.

All druggists keep California Syrup of Figs, ready for use. It is highly recommended for regulating children, and to undo the mischief done by habit-forming laxatives.

STRAND THEATRE

Hollywood offers the sprightly and original comedy "Rafter Romance" Friday with Ginger Rogers and Norman Foster romantically teamed.

This latest Hollywood contribution to the pleasure of nations is a Greenwich Village tale of an ambitious young girl who through poverty is forced to share an attic with a struggling young artist. The boy and girl never meet in the attic, as the boy is a night watchman and occupies the room during the day while she is at work. Week after week they share the place, and without ever seeing each other there. Foster believes Ginger is a goggle-eyed old maid, while she pictures him as a roue and holy terror. While all this animosity rages, the pair meet outside the attic and fall in love.

Richard Arlen has completed another featured role in "Hell and High Water," a romantic drama of the San Diego waterfront. The picture, with Judith Allen in the leading feminine role opposite Arlen, comes Saturday.

"Hell and High Water" tells the dramatic story of Cap'n Jericho, the cock-sure commander of a "one man navy"—and Sally Drigg, whose waterfront existence has taught her to hate all men. Not having much love for woman herself, Jericho is thrown together with Sally. Knowing too much about life already, they are too selfish to care about love. But through their quarrels and fights, they force their way into each other's arms and heart, turn their drab waterfront into a veritable seventh heaven, and bring the romantic story to a thrilling and entertaining climax—adv.
